

Information for the Data Deposit Package ...

The Subtitle

Rainer M Krug, Rainer@uzh.ch

2020-05-25 - pandoc 2.9.2.1

Bibliometric Metadata

Zenodo community

IEU UZH NEEDS TO BE CREATED and others when appropriate

Upload Type

Usually Dataset, others require additional info, please specify as well

DOI

Reserve it by clicking the **Reserve DOI button**. This will reserve the DOI, and you can add it to the documentation and publications.

Publication date

Title

Authors

Including affiliation and ORCID (if you don't have one, get one!)

Description

A short description of what is deposited

Version

If this is a versioned DOI, e.g. daily updated data, each day could get the date (2020.12.15) as a version, and the whole dataset would have one DOI, which would always point to the latest deposit, and each day would also have in addition its own DOI

Language

Keywords

Additional notes

Files

filename

Short description of each file in the Data Deposit Package

...

Methods

Detailed description of methods or name of document which contains the method description
