IEU UZH NEEDS TO BE CREATED and others when appropriate ## Upload Type Usually Dataset, others require additional info, please specify as well ## DOI Reserve it by clicking the `Reserve DOI button`. This will reserve the DOI, and you can add it to the documentation and publications. ## Publication date ## Title ## Authors Including affiliation and ORCID (if you don't have one, get one!) ## Description A short description of what is deposited ## Version If this is a versiond DOI, e.g. daily updated data, each day could get the date (2020.12.15) as a version, and the whole dataset would have one DOI, which would always point to the latest deposit, and each day would also have in addition its own DOI ## Language ## Keywords ## Additional notes
